Sicily: Natural Parks, Reserves and Marine Protected Areas

di: Redazione

1 June 2020

In Sicily nature is waiting to be discovered!

There are 5 Natural Regional Parks: Etna Park, Alcantara River Park, Madonie Park, Nebrodi Park and Monti Sicani Park.

1 National Park of Pantelleria Island,

77 Regional Nature Reserves,

7 Marine Protected Areas (Isole Egadi, Isole Pelagie, Plemmirio, Capo Gallo – Isola delle Femmine, Capo Milazzo, Isola di Ustica and Isola dei Ciclopi)

and 4 other Protected Areas including UNESCO Global Geopark Rocca di Cerere.

A great heritage which is very easy to explore.
